

NEW LOGO COMPETITION

WE NEED A GRAPHIC IDENTITY!

Ganawenim Meshkiki is an organization created by Henvey Inlet First Nation to identify and sponsor projects which will benefit some of the species at risk impacted by the Henvey Inlet Wind project. As the name suggests, our mission is to restore and take care of the medicines in Mother Earth to protect and preserve bio-diversity in our lands.

Help us by creating a fabulous image, based on our lands, our cultural heritage and Ganawenim Meshkiki's mission, which we can adopt for our website and stationery.

Creator of the winning logo will receive \$1,500.00 in exchange for the intellectual property rights in the image, including moral property.
