

HENVEY INLET FIRST NATION

COMMUNITY PROFILE BOOKLET

I am requesting help from the Community; in regards to any and all information you may know regarding the history of the first families that lived here on French River #13 - (Cantin Island) and Bekanon Reserve #2.

Names and number of family members?

Which reserve did they live on? #13 or #2

Where they migrated from?

This project has been undertaken by the Kinoomaadziwin Education Body, Regional Education Council #3.

The objective of the Community Profile Books Project (6 First Nations in our region) is to promote a greater understanding of First Nations and help make the school curriculum more accurate.

All input is appreciated; you may call me at the Administration office **705-857-2331 x 232 Doreen McKenzie** to set up an appointment or if you want me to arrange a time for a visit to your home.

Please **note: my contract date expires on Friday September 23, 2022** therefore **TIME IS OF THE ESSENCE.**

THANK YOU

Doreen McKenzie, Community Researcher
