

Neil Herbert

Candidate for
Chief

Thank you
for your
consideration

NEIL HERBERT

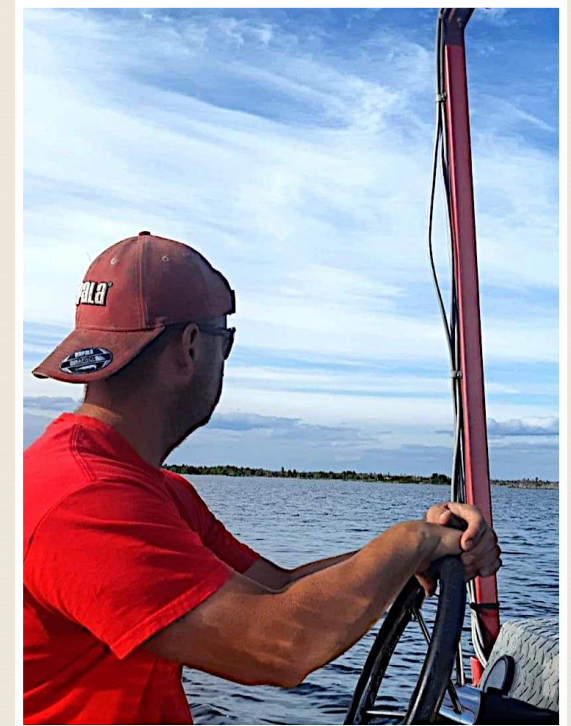

A little about me....

I am the oldest of five children, and a successful business owner. I am a natural leader, and a hard worker who continues to work tirelessly to reach my goals. If elected my main goal would be to help every member of the community reach their goals and secure a future of opportunity and prosperity for all future generations of Henvey Inlet First Nation. I believe I possess and have exhibited throughout my own entrepreneurial endeavors' attributes required for strong and fair leadership. The qualities of honesty, integrity, and accountability form the basis of how I conduct myself as a fair and hardworking businessman. I am humbled by my nomination and the opportunity to use these attributes to give back to the community, which has supported me. Should I be elected Chief my mandate would be to restore the faith and confidence of the community that council represents and is governed in the best interests of the community in its entirety.

Leadership experience

Proud partner in S&N Convenience with my partner Susie, a personal business venture that I am very proud to have built within our community to provide opportunities for employment to community members, while filling a need within the community. The skills I've developed growing profitable businesses on and off reserve have given hands on management experience, a great understanding of strategic decision making, financial management and oversight, and I am grateful to be considered to apply these skills for the benefit of our community. I would be humbled for the opportunity to apply my skills and work steadfastly towards the goal of creating more opportunities for community members and ushering in a new era of prosperity. I am grateful for the ongoing community support. I am eager to give back in a meaningful way and create a brighter future for all community members. A future of enhanced trust between council and the community. Guided by the principals of honesty, integrity and accountability to ensure fair and balanced representation.

VISION

My vision is to lead Henvey Inlet towards a brighter and more prosperous future for all community members. My main objective is to ensure each, and every community member have equal opportunity to be heard, to feel safe, to have a sense of security for the future, and to be included. I intend to help all community members and enhance resources to encourage our people to thrive.

I would also like to be given the opportunity to earn the trust of the community, by implementing accountability and transparency to the council's leadership. My goal is to be the leader the people need to create a community which with the support and with the co-operation of the community and the engagement of a forward-thinking council, we can reach our collective goals and lead this community to end its history of poverty.

CULTURAL GROWTH:

Engaging community members of all ages to participate, revitalizing the traditional indigenous living would create a more peaceful and prosperous place to live. I would also ensure that education on our cultural history is passed down to children of the community, to ensure a strong sense of pride in our shared history.

ECONOMIC DEVELOPMENT AND INFRASTRUCTURE:

Promote economic growth by increasing development projects, to create a stable, sustainable, and self-sufficient future for all!!

Rebuild and enhance existing infrastructure to improve the standard of living of community members now and provided the flexibility for future community growth and development.

COMMUNITY PROSPERITY:

The economic development and infrastructure investments will enable council to further invest in the community to better support elders, families, and community members in need with enhanced and better funded resources. While retaining our youth and providing a good standard of life to our families through opportunities with growing good employment positions within the community, and improvements to community amenities to make Henvey an even better place to live.

COMMITMENT TO FAIRNESS

My intention is to give each community member fair representation, and to hear them with an open mind and give all an equal opportunity. I will treat everyone fairly and ensure the future development of the community is done with the full support of the community we serve.

Building our future together
